

Maine H1N1 Influenza (“Swine Flu”) Update

Data Summary for Monday, June 22, 2009, 3 PM

Flu info on the Internet: <http://www.maine.gov/dhhs/boh/swine-flu-2009.shtml>

5 new cases reported, 4 in Maine residents and 1 in an out of state resident

Maine CDC and Department of Education partner to offer seasonal influenza vaccine in the fall

- Maine CDC and the Department of Education partner to offer seasonal influenza vaccine to children through interested local schools this fall. For more information on how you can become involved, check the health advisory on this subject at: <http://www.maine.gov/tools/whatsnew/attach.php?id=74633&an=1>

New Cases:

- Five new cases were reported today, all confirmed. 2 cases were youth from Androscoggin county, 1 case was an adult from Lincoln, 1 case was an adult from Cumberland, and 1 case was a Colorado resident tested in Kennebec County.
- No new hospitalizations reported today, 1 patient remains hospitalized
- Although case counts are reported here, it is important to note that individual case data are useful only in that they are markers of the presence of H1N1 in a given county or geographical area. Many people with H1N1 are not tested, and their illness is not reflected in the case counts. Counties or regions with no reported cases may still be affected.

Current Case counts:

Case Counts	Confirmed	Probable
Maine	53	1
Out of State	12	0

- A total of 54 Maine residents have been diagnosed with H1N1 (53 confirmed and 1 probable). In addition, 12 out of state residents were diagnosed while visiting Maine, for a total of 66 diagnoses in the state.

Lab Testing:

HETL numbers	# tests
New	12
Total	2049

Confirmed and Probable Cases by County:

County List	New Cases	Total Cases	Out of State*
Androscoggin	2	8	1
Aroostook
